New York City, Sep 6, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Dr. Cristina B. Gamboa is a dentist currently practicing through her private practice; there she holds expertise in general and cosmetic dentistry. Dr. Gamboa holds a Doctor of Dental Surgery Degree. A dental surgeon performs dental procedures. With extensive education and training, Doctor of Dental Surgery degree holders are specialists in this field. They are licensed to perform advanced surgery work, such as apicoectomy or removal of bone structure parts and removal of impacted wisdom teeth. They are also trained to perform the fitting of dental prosthetics such as veneers, bridges, dentures, implants, crowns, and caps.

Dental surgeons are also trained to do regular dental work. As dentists, preventive dental medicine is a significant component of their work. They provide professional dental services, recommend products and practices to maintain proper dental hygiene, and help you keep overall oral health.

Her patients have excellent experiences with her, one stating, "Dr. Gamboa's office is excellent. I have been seeing her for a few years now, and every time I go, I receive amazing care. Dr. Gamboa is very thorough in explaining what she recommends and what will be done. The staff is so kind and caring, the environment is warm and comfortable; they always make me feel at home. A highly recommended dental office!" Another stated, "Best dentist, hygienist and staff hands down! If you've been avoiding the dentist - to here and you will be treated so wonderfully, professionally and gently that you will forget your phobia. Dr. Gamboa has been my dentist for at least 13 years, and everyone I've referred is thrilled!"

Cosmetic dentistry is dentistry aimed at creating a positive change to the teeth and smile. Most think of tooth whitening or porcelain veneers, but a skilled, experienced cosmetic dentist can provide much more. They can help improve the appearance of a patient's smile and even their self-esteem and confidence. Today, cosmetic dentistry continues to evolve to where cosmetic dentists can address functional and esthetic patient concerns.
