

Emani Vegan Cosmetics Launches Clean Beauty Line in Norway and Sweden

100% Cruelty-free, 100% Gluten-free, and 100% Vegan certified.

Stockholm, Sep 6, 2019 ([Issuewire.com](http://www.Issuewire.com)) - Today, Emani Vegan Cosmetics announced the launch of its beauty line in Sweden and Norway, available online at www.emani.se.

Inspired by Founder and CEO Michelle Doan's search for makeup that was safe and nourishing for her problematic skin, the Emani Vegan Cosmetics line exclusively features high-performance face, eye and lip products that work to enhance natural beauty through natural makeup that acts like skincare.

"Emani Vegan Cosmetics provides an alternative for anyone who has been searching for a clean replacement to modern makeup or anyone who simply wants to live a more sustainable existence," said Founder and CEO Michell Doan. "As consumers, we should demand clean and functional make-up products to ensure a healthier and a more naturally beautiful future.

The debut of Emani Vegan Cosmetics in Sweden and Norway coincides with the cosmetic industry becoming increasingly focused on makeup formulations featuring organic oils and plant extracts that elevate and maintain skin health without the use of unnecessary toxins.

Beauty consumers are becoming increasingly aware of the transdermal nature of makeup and the potential dangers of toxic ingredients to their health and the environment. Consumers are looking for products that are formulated to work to improve the appearance of their skin while enhancing their features. With busy schedules and limited time to commit to skincare and beauty routines, makeup products that function as both makeup and skincare simultaneously are being increasingly sought out.

Emani Vegan Cosmetics is the perfect complement to the natural beauty movement, believing in a beauty experience that is completely 100% Cruelty-free, 100% Gluten-free, and 100% Vegan certified.

Emani Vegan Cosmetics sets itself apart from competing brands with a 20 year proven history and experience in ingredient quality and sourcing. All products are clinically proven & dermatologist tested for sensitive skin, 100% satisfaction guaranteed.

Products include:

Primers

Liquid, cream and powder foundations

Corrective Concealer
