

Hidecor Opens its Newest Office in Bengaluru - Silicon Valley of India

Bengaluru, Sep 26, 2019 ([IssueWire.com](https://www.issuewire.com)) - Hidecor, one of the most prolific workspace interior design startups based in Bengaluru has moved to a new location within the city to accommodate the rapid growth. The new office is within the vicinity of the previous one, in Koramangala, Bengaluru's startup hub and the most exciting place to be for any young and creative company.

Founded in 2015, Hidecor started growing in size a year later when two new members joined the force as co-founders – Sujith for Operations and Bhavesh to lead Design, sharing the responsibilities along with Anantha. By 2019, the company out-performed its forecast and have grown to be a 19 member team with various skill-sets like design, technology and operations.

Hidecor quickly realized that this dynamic team needs a space that will set the right tone for the organizations work ethos and will drive to achieve bigger successes in future.

Location

Keeping the new location nearer to the previous one provided the convenience for the employees not to change their daily commute plans. Additionally, the perks that the new location is within immediate walking distance to the public transport and dozens of eateries have bought in new excitement within the team to move to the new office.

Space

The new space is on the higher floor, flooded with natural light and overlooking the hustle and bustle of busy streets below. While the glass windows keep the noise down, the vibrancy and energy flow inside with the use of corporate theme colours of blue and orange in wall & floor design. Yet the ethnic elegance of monotones, vibrant wall murals and motivating minimalism can be seen everywhere, bringing the calmness to the chaos of extensive work-pressure.

Visibility

Although Hidecor was winning some of the most prestigious projects offered by the trusted brands in India like Titan, Big Basket, Decathlon, etc. it never occurred to the team that their own office was somewhat inconspicuous. A move to this new space has offered the opportunity to establish Hidecor's presence in the community of local businesses.

It has been an exciting fifth year for Hidecor and the new location has started another chapter in the organizations history. Everyone in Hidecor is excited to be in the new space and would like to welcome anyone who would like to drop in and say "Hi!"

For more information or to get in contact with Hidecor, contact anantha@hidecor.in The new address is #19, 3rd Floor, 5th cross, 5th block, Koramangala, Bengaluru – 560095.
