

Lee B. Daniel, MD, a Plastic Surgeon with Aesthetic Plastic Surgery

Get to know Plastic Surgeon Dr. Lee B. Daniel, who serves patients in Eugene, Oregon.

New York City, Sep 26, 2019 (Issuewire.com) - Dr. Daniel is a board-certified plastic surgeon who is currently serving patients at his private practice Aesthetic Plastic Surgery in Eugene, Oregon. Aesthetic Plastic Surgery offers a complete range of face, breast, and body procedures designed to address all of the patients cosmetic concerns and to help them make the subtle or not-so-subtle changes they desire. By combining meticulous, natural-looking surgery with state-of-the-art medical techniques, Dr. Daniel

creates masterful improvements to the face and body, as well as a family of loyal patients who continue to refer friends and family members to his practice. Furthermore, Dr. Daniel holds surgery privileges at both area hospitals and the McKenzie Surgery Center.

From the time he was a child Dr. Daniel knew what he wanted to do. Inspired by his father who was a surgeon, he learned the value of hard work, dedication to uncompromising excellence, and “doing your best every time” – a philosophy that his father followed all the days of his long career. As important is his warm smile and personal style that makes patients feel comfortable listened to, and cared for. Dr. Daniel applies the highest moral and ethical standards as primary considerations in his practice.

In 1984, Dr. Daniel earned his medical degree from Vanderbilt University School of Medicine in Nashville, Tennessee. He then served a five-year residency in general surgery at Emory University Affiliated Hospitals in Atlanta, followed by a two-year fellowship at the prestigious University of Texas Southwestern Medical Center in Dallas, finishing in 1991. He then came to Eugene in 1999 after eight years of private practice in his home state of Kentucky.

Dr. Daniel is board-certified in plastic surgery by the American Board of Plastic Surgery (ABPS). The ABPS is a certifying board for plastic surgeons in the United States. It was organized as a subsidiary of the American Board of Surgery in 1938 and given the status of a major specialty board in 1941.

To stay up to date in his field, Dr. Daniel is a member of numerous societies, including the American Society for Aesthetic Plastic Surgery and the American Society of Plastic Surgeons. Additionally, he is a past President of the Kentucky Society of Plastic and Reconstructive Surgery. Dr. Daniel is focused on patient education. He regularly writes cosmetic surgery blogs, contributes to plastic surgery news sites, and answers RealSelf questions to help improve online resources for those considering plastic surgery.

Plastic surgery is a surgical specialty involving the restoration, reconstruction, or alteration of the face and body. As a plastic surgeon, Dr. Daniel helps men and women reach their cosmetic goals and delivers excellent results to each and every patient. “I don’t find problems that I can’t find solutions for” as stated by Dr. Daniel.

Dr. Daniel and his wife, Kathryn, were married in 1992. They have three wonderful children. In his spare time, Dr. Daniel enjoys spending time with his family, fishing, watching NCAA sports, as well as a good joke and life in general.
