

Ludhiana finally gets its own Detailing Devils Studio

Best Ceramic Coating in Noida

Noida, Sep 25, 2019 (Issuewire.com) - In the heart of Punjab, Detailing Devils have established another of its premium detailing studio. Mostly awaited in the region, Detailing Devils Ludhiana studio now embarks on a journey to provide its customers with the fairest detailing services ever.

The opening of Detailing Devils' studio at Ludhiana marks a significant moment in Detailing Devils' (hereafter abbreviated as DD) relationship with Punjab. Ludhiana has this vibrant feel and energy and DD's team can't wait to serve its customers and put a big smile on their faces.

DD's first studio in Ludhiana features a large space for detailing vehicles. It can hold two SUV class vehicles for a simultaneous detailing session. A manager's office and a wall designed for keeping cutting-edge automotive buffing tools & equipment.

The studio will host a variety of services that caters to the need for vehicle paint protection and its shine. At DD Ludhiana studio, customers can explore many detailing related services for their vehicle and let it be examined by our engineering Pros for technical advice about its paint life and quality.

Collectively the Ludhiana team will be providing 7 of these state of the art services for the vehicle detailing:

- **Skin Restoration Service** care of vehicle paint surface, eradicates impure contaminants, minor blemishes, and swirl marks, hard water spots and restore it to a showroom finish.
- **Wheel Restoration Service**
 - Dirt, mud and other such particles from a vehicle tyre and give the old worn-out appearance a new look.
- **Headlight Restoration Service** the blurry surface and minor scratches are removed which obstructs the light. Makes headlight clean and shiny.
- **Chrome Restoration Service**
 - And restore all the chrome fittings which are in front of the vehicle like chrome trim, gear shift surround, chrome wiper blades, exhaust pipes, grills, etc.
- **Fabric/Leather Restoration Service** car seats and fabric/leather installations in a car interior. All the stains & spots are removed and the interior is made more comfortable and breathable.
- **Trim Restoration Service**
 - Complete interior detailing service for car interior trim and dashboard. Includes cleaning & dressing of trim with full care and professional equipment.

Detailing Devils has already proven its worth by delivering the [Best Car Coating Services](#) in the Indian market, owing to its presence with more than 25 studios and unprecedented services. The Ludhiana Studio will also be offering these 7 ceramic coating services to their customers.

- **9H DNA**
 - Most advanced ceramic coating for the vehicle's exterior paint surface. 9H DNA (Diamond Nano Armor) is a perfect nano-ceramic coating with dual-layered cross-linking molecules of polymer. It provides ultimate gloss and protection to a vehicle. It is available in 3 Variants
 - **Reload:** With a 1-year warranty
 - **Pro:** With 3 years warranty
 - **Absolute:** 5 years warranty
- **Crystal Vision**
 - Known as 'Invisible Wiper' this coating service is done on windshields. Doesn't let water or oxidation sit on your windshield and keeps it clean and clear.
- **Wheel Nano Armor**
 - Service keeps alloys mud-repellent, blemish-free and shiny.
- **Nano Shine Armor**
 - This service, we strive to make your vehicle tyres mud-repellent, dark and enhance its shine.
- **Fabric/Leather Nano Armor** this service, the fabric, and leather-based interior will become water & oil resistant. No worries about stains or spots anymore.

The studio has been more than ready to serve its customers and relieve them of their vehicle maintenance worries. DD is already providing the best **car coating in India** due to its in house developed 9H DNA nano-ceramic coating.

Now, DD has decided to offer its new range of services to its customers with the launch of its Ludhiana studio. These services are 'budget-tier' ones which will cost less and focus on very specific areas of a vehicle.

This time DD will be launching its "Exterior Detailing" package which is also known as Skin Restoration System (SRS). This service will take care of reviving the lost shine of a vehicle completely. DD will make

this particular service available at a price starting from ₹2499 onwards. Under this service, a customer can expect:

- High Pressure/ Steam Wash
- Paint Correction
- Tar/Contaminants/ Wax Removal
- Paint Surface Polish
- Tyre/Rim Dressing
- Wheel/Chrome/Trim Restoration
- Cleaning with Ultra-Soft Microfiber Towel

Another new service DD is launching for its customers is “Car Wash”. This service too will be carried out with professional expertise and state of the art tools. Instead of washing with water, the vehicle will be washed with steam or foam as per the customer’s choice. Later, the vehicle will be washed with ceramic shampoo. This service will cost customers ₹599 onwards.

The basics remain the same as DD as they were before. There are certain benefits in ceramic coating services that customers of Ludhiana will experience as they explore it. Some of these benefits are listed below.

- High gloss finish
- Permanently bonds with the surface paint
- Extremely Hydrophobic (Water-Resistant)
- Tough 9H Hardness
- No waxing required
- UV & Weather Resistant
- Heat Resistant
- No Oxidation or Hard Water Spots
- Corrosion Resistant
- Protection against Environmental Influences (Acid-Rain & Bird-Droppings)

Detailing Devils is getting bigger, making its presence in different states of India. However, many people are still unaware of the existence of nano ceramic coating and its benefits. Here is a brief explanation of [Ceramic Coating](#) for informative purposes.

Nanoceramic coating is a liquid polymer collection of bonded molecules that fuse with the vehicle’s paint surface when applied. Its composition is derived from the same material, Silica, which is used in the glass industry. Owing to the glassware properties, these polymer coatings are powerful and their purpose is to protect a surface from numerous damages and provide a glossy appearance.

It is a powerful substance as its hardness, on a scale of 10, is gauged at 9H on Mohs scale when dried. It is now used widely across the automotive industry which provides lots of benefits to a vehicle.

A little bit more about DD. Detailing Devils is a premium automotive brand that provides vehicle care services with world-class techniques and the latest equipment. Their specialty lies in car coatings, expert cleaning, shine and protection of a vehicle belonging to any type of category.

Employing eco-friendly measures, ultimate workmanship and the best technology available to provide excellent vehicle care services. A popular brand in the automotive industry with thousands of happy customers and lots of followers on social media.

DD provides various kinds of vehicle care services with the [Best Ceramic Coating in Delhi](#), Ludhiana, Jaipur, and Patiala, Gurugram, Chennai and many other different states of India. Later, DD is also planning to launch two new studios in Lucknow and Bhilai respectively.
