

Min Seok Kim, DMD, Dentist with Hollywood Smile Dental

Get to know Dentist Dr. Min Seok Kim who serves the population of Las Vegas, Nevada.

New York City, Sep 6, 2019 (IssueWire.com) - Dr. Min Seok Kim earned his Bachelor of Science in Molecular Biology from the University of Wisconsin-Madison. At the age of 24, he graduated with his Doctor of Medicine in Dentistry from Tufts University School of Dental Medicine. He completed his General Practice Residency at Tufts University School of Dental Medicine. During his residency training, Dr. Kim had extensive oral surgery training.

Dr. Kim was an emergency clinical instructor at Tufts University School of Dental Medicine. Dr. Kim has an intravenous sedation permit in both Texas and Nevada. Currently, Dr. Kim practices only oral surgery in 10 different offices in Texas and his practice in Nevada. He has completed over 30,000 OS cases. He is a “Q implant” clinical course instructor.

Dr. Kim and his staff strive to provide the highest quality dentistry for his patients. Improving oral health and creating beautiful smiles, their state of the art dental office is equipped with the latest technologies, including dio soft tissue lasers, 3D CBCT scanners, intraoral cameras, and IV sedation equipment.

His patients have excellent experiences with him, one stating, “Dr. Kim and his staff were amazing! Not only did he do good work, but he was also very gentle and listened to all of my questions. Some dentists give you the feeling that they want to get in and out, see as many patients as possible. Dr. Kim took his time and gave us 100% of his attention. I highly recommend this office if you have any dental work that needs to be done.” While another stated, “The most compassionate dentist in the Las Vegas area, he really cared about getting rid of the pain that I was suffering due to needing several root canals. During the process and after, he made sure that I was feeling better.”

In his leisure time, Dr. Kim enjoys practicing martial arts, working out, and traveling. Dr. Kim is an avid fan of UFC.

General dentists provide a wide array of services that are vital to patients’ continued health. These services include: preventive services — helping to maintain good oral health by stopping disease before it takes hold in the mouth; restorative services — receiving timely and appropriate treatment when a problem is identified; as well as cosmetic services — performing a range of cosmetic procedures, such as teeth whitening, cosmetic bonding - even porcelain veneers. General dentists also address overall health concerns, as oral health is seen as the mirror of general health. In fact, some dental problems may reflect issues in other parts of the body and vice versa.
