A chaotic personality and captivating presence, [Bobbynice](#) has Instagram by its toes with his fast-paced lifestyle. Appearing on No Jumper's YouTube channel, debuting "Stereotype feat. ABG Neal", "Spaceship", "Had Enough", Bobby is the youthful sporadicity that ignites NICE Entertainment's modern footprint on the culture. He's enjoyed a handful of placements as well, including an Elevator write-up, HOT97 Live Interview, and features from \$quidnice, Smaccnice, as well as Comethazine in "Not a Princess". Bobby is expected to drop his debut album under Nice Entertainment LLC, produced by SidTroy, to be mastered in the Nice Entertainment Studios called "Bobby Files". [Smaccnice](#), an heir to the NICE legacy, has spent a lot of 2019 previewing drops for his upcoming EP. Establishing himself this year by dropping "A-Rod", he has proven to be a noteworthy force in the NICE trio. He has found himself with MaxThaDemon, \$quidnice, and Ciggy Black in "Blacc Ballin" hit single "NICE DEMON\$". Expect a sequel to his single "Gutter" on his forthcoming EP. Expect much more activity as the Nice brand grows, with Smacc alongside to drop bangers only. Smaccnice is a symbolism of Nice Entertainment's cultural legacy in Port Richmond, Staten Island.

At the forefront, the label's manager Chris Clemenza calls the shots with integrity and pride. Handling the bulk of the label's content distribution, Chris Clemenza reflects: *"I do it all for (Young King) Dave. We manifested a dream to turn a pursuit of music full-time into a reality. I made him and myself the promise that I'd never give up; Dave paved the way to give me a chance when no one else saw our potential."*
