with YOU!

Statistics on bullying from the National Education Association report there are about 160,000 children that miss school every day out of fear of being bullied. 71% of students report incidents of bullying as a problem at their school, and 43% of youth report that they have experienced some form of cyberbullying in the last year.

In conjunction with the Henry County community, our goal is to make the #BeAFriend Anti-Bullying 5k Color Fun Run/Walk a premier annual event that raises awareness about the effects and consequences of bullying. We believe that in order to end bullying, an entire community must work together towards a solution!

About Us:

Raising Beautiful Butterflies, Inc., a registered 501c3 dedicated to empowering a generation of young queens, to be bold, authentic leaders in their lives, school and communities by transforming self-doubt into self-love through dialogue about things that matter Every day. Young queens are bombarded with messages in the media that attack what she is NOT and we work every day to help her love the skin SHE IS IN and who SHE IS; to see that in herself and inspire that in others.

It's a movement of young girls, redefining what is beautiful, valuable and possible, inspiring a generation of leaders, trailblazers, and change-makers within their communities. Raising Beautiful Butterflies strives to motivate young queens that in spite of their hardships, there are possibilities that await them. In order for young girls to regain strength in their spirit of succeeding one must be in a positive uplifting environment that promotes their best effort and reinforces personal respect and self-awareness.
