

Zeva reaffirms its Commitment to CMMI-DEV & CMMI-SVC Maturity Level 3 Appraisals

Reston, Sep 23, 2019 ([IssueWire.com](https://www.issuewire.com)) - Zeva Incorporated recently achieved successful appraisal of its software development and service delivery processes at the rigorous Maturity Level 3 (ML3) of the Capability Maturity Model Integration (CMMI) framework. Building on a 2016 successful appraisal for CMMI for Development (CMMI-DEV ML3), Zeva has been successfully reappraised at CMMI-DEV ML3, and additionally has been successfully appraised at CMMI for Services ML3. This success is yet another testimony of Zeva's commitment to quality and process excellence in developing and delivering innovative solutions to Zeva's clients and partners worldwide.

CMMI for Development Maturity Level 3 is globally recognized as the standard by which businesses can measure the maturity of their technical and managerial processes for excellence in software development. CMMI for Services Maturity Level 3 is the standard for processes for the delivery of services on behalf of clients.

"Zeva originally achieved CMMI-DEV Level 3 rating in 2016, and today's significant accomplishment and recertification as a CMMI-DEV ML3 company and the addition of CMMI-SVC ML3 certification not only reaffirms our obsession to quality work, it also testifies to the many significant achievements our team has realized and attained over the past several years. We consistently surpass our expectations for quality processes and procedures which reflect directly on our delivery of products and services to our clients", said Sam Andoni, Zeva's Founder and Chief Technology Officer.

The appraisal was performed by Williamsburg Process Solutions, LLC as a chief auditor and assessment have been carried out at Zeva's headquarters in Reston, Virginia. Commenting on the achievement, Don Marohl, a Certified SCAMPI Lead Appraiser said "Zeva is a unique company that has managed to exceed its own expectations in building and nurturing a very sharp development and services delivery team. Zeva's core values coupled with their passion for quality is clearly positioned at the heart of everything they do".

Jihan Andoni, Chief Executive Officer, commented, "This is a proud milestone for us all at Zeva and we are very honored to maintain our CMMI-DEV Level 3 appraisal and add CMMI-SVC Level 3. This reaffirms our continuous focus on quality and ability to deliver and execute critical business projects in a predictable manner, which are important factors to our growth. Moreover, our commitment over the past 14 years to standardizing processes and establishing consistency throughout the company has positioned us to realize higher levels of customer satisfaction and long-term partnerships with our teams and technology vendors."

About Zeva, Inc.

Zeva (<https://www.zevainc.com/>) is a woman-owned small business founded in 2005 as a Virginia corporation. Zeva provides software solutions and expert consulting for advanced cryptographic solutions to ensure the security of data and transaction processing. Zeva is a Capability Maturity Model Integration (CMMI-DEV) Level 3 and (CMM-SEV) level 3 company and maintains active partnerships with top technology companies, including Microsoft, Entrust, and Veritas.

Zeva's clients include organizations in the following industries: financial, pharmaceutical, healthcare non-profits, aerospace, energy, industrial, technology, and government. In the work Zeva performs on behalf

of these organizations, all share a common requirement for a high level of security in identity management, data protection, and transaction processing systems.

About CMMI® Institute

CMMI Institute (CMMIInstitute.com) is the global leader in the advancement of best practices in people, process, and technology. The Institute provides the tools and support for organizations to benchmark their capabilities and builds maturity by comparing their operations to best practices and identifying performance gaps. For over 25 years, thousands of high-performing organizations in a variety of industries, including aerospace, finance, health services, software, defense, transportation, and telecommunications, have earned a CMMI maturity level rating and proved they are capable business partners and suppliers.
