New York City, Oct 9, 2019 (Issuewire.com) - Author Sarah Mirza Promotes Her Spiritual Fantasy Novel, Lord Santa's Review

Author Sarah Mirza is pleased to announce the promotion of her spiritual fantasy, Lord Santa's Review.

Ash is a Light Warrior who reports to Santa's Grotto after a three-year absence to undertake her review. Expecting to be in disgrace, instead, she finds herself totally unprepared for the reception. Her review brings surprises and Ash learns about her own levels of power and connection higher than she had ever understood. Perhaps she is much, much more than the maverick she is considered to be? She must learn to stand with her powers. When Santa enters the Collective Stream of Consciousness and delivers his gifts, he learns that it is indeed time for people to move to the next level. Ash's team is barely assembled before a breach in the Earth's Energy Grid makes it necessary for them to act immediately. Will Ash prove to be all that the Light Warrior Order believes her to be? And if she is, where will it take her?

Lord Santa's Review is available for purchase in print and ebook formats.
