

Megan Winsor Hypnotizes Fans With Her Debut Album ‘CLWNS’

After releasing 5 singles in the past 2 years, Megan has officially cemented her place in today’s pop landscape with her latest release “CLWNS.” This album marks the launch of Megan’s producing career, completely taking over 7 of 11 tracks featured.

Los Angeles, Oct 8, 2019 (Issuewire.com) - When asked about the inspiration behind the album, Megan states, “The album is inspired by the mistakes I’ve made and how I’ve grown from them. The title ‘CLWNS’ is referring to how I felt I have made a fool of myself in the past. The release of this is me

coming to terms with my past and loving myself for who I am.”

Megan is currently out performing live to promote this album as well as continuing to write for her next record. She continues to grow her social media platforms as well as learn more about the music industry at the University of Southern California.

CLWNS Tracklist:

- Clwns
- Someone Else's Car
- Just In Time
- Lose Myself
- Diablo
- Oneiusedtolove
- Black Dog
- Prototype
- I Wi11
- Jamie
- ChipperBee

“As a gifted songwriter, it won't be long before you hear a Megan Winsor song in a television show, film, or on the radio which is one of the next boxes she will soon check off her list.”

“The collection of emotional tunes accurately depicts the journey this young woman has taken, and how she got to where she is today. It is consistent with her desire to resonate and identify with each and every one of us.”

About Megan Winsor

Megan Winsor is a 20-year-old singer/songwriter, multi-instrumentalist, and producer who aspires to pioneer a new genre of music through lyrics grounded in realness and ethereal pop melodies. Megan's ability to distinctly combine the throwback 80's synth-pop she grew up listening to with the beach influence of her hometown separates her music from other artists in similar genres. Now a junior in college studying Music Industry, Megan continues to learn and grow her presence as a Los Angeles recording artist.
