

MobileSentry is now in CANADA!

Concord, Oct 7, 2019 ([IssueWire.com](https://www.issuewire.com)) - As MobileSentry becomes the preferred vendor for the Wireless Repair Industry around the world, we feel it is our responsibility to make our products, services, and solution more accessible to our clients. We at MobileSentry decided to make the leap forward and make [Canada](#) *our next home*.

We are pleased to announce that we now have a dedicated facility in the Greater Toronto Area in Canada located at 25 Planchet Rd Unit 5, Concord, ON, this is an 8,591 sq. ft. warehouse with the potential to handle distribution for the growing demand and forecasted volume. The facility is approximately *30 Minutes from downtown Toronto* with access to the major highway, airport, and transportation to further streamline the shipping process and to have the latest cut-off times in the industry.

In addition to this next chapter, we are thrilled to announce our acquisition MobileSupply.Ca, an established and successful parts distributor already catering to the Canadian market. This acquisition will open the doors for *MobileSupply's existing clientele* to an even larger selection of high-quality products and services. Mobile Parts Supply team is now part of the MobileSentry Family. Together, we share the same growth and long-term vision of the repair industry. Kyle Jagassar, Zac Ashraf, and Daniel Okagbare will be key elements to our sales force in Canada.

With this addition, MobileSentry now has a footprint in 6 different countries. We thank all our customers and partners for their continued support. We are excited about our growth plans; we assure you this is just the beginning.
