

Sheldon Waltuch, DMD, MS, an Orthodontist with Dr. Waltuch's Orthodontic Team

Get to know Orthodontist Dr. Sheldon Waltuch, who serves patients in Edison, New Jersey.

New York City, Oct 26, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Dr. Waltuch is an orthodontist serving Edison and the surrounding communities. He is affiliated with his private practice, Dr. Waltuch's Orthodontic Team, a practice dedicated to ensuring that patients are fully informed and involved in their orthodontic care. They make sure patients understand their treatment options and help them decide which one meets their needs. Additionally, he is committed to the future of the orthodontic profession and teaches future orthodontists as the head of the orthodontic department JFK Hospital Dental Clinic in Edison, NJ.

He states the following, "Being an orthodontist and helping to make the people in my community excited to show off their smile has been incredibly rewarding. I am sensitive to the needs and concerns of all my patients and hope to create a warm, secure environment where they can feel comfortable having their orthodontic goals met."

In regards to his education, Dr. Waltuch earned his Doctor of Dental Medicine at Tufts University, before furthering his education at Washington University, where he graduated with a Master of Science Degree, and Orthodontic Specialty Certificate. Dr. Waltuch embraces continuing education in order to keep up with the latest technology and treatment options and is proud to be a lifelong student of orthodontics.

To stay up to date in his field, Dr. Waltuch is a Diplomate with the American Board of Orthodontics (ABO). The ABO is the only orthodontic specialty board recognized by the American Dental Association and affiliated with the American Association of Orthodontists. He is a professional member of the American Dental Association, the American Association of Orthodontists, and the New Jersey Association of Orthodontists.

Orthodontics is a specialty of dentistry that deals with the diagnosis, prevention, and correction of malpositioned teeth and jaws. As an orthodontist, Dr. Waltuch must recognize various characteristics of malocclusion or dentofacial deformity, define the nature of the problem, including the etiology if possible, and design a treatment strategy based on the specific needs and desires of the patient.

During his time in the field, Dr. Waltuch has treated countless patients. His private practice has been awarded and recognized as "One of the Best in New Jersey" by *New Jersey Magazine*.
