Coeur d'Alene, Oct 8, 2019 ([Issuewire.com](http://www.Issuewire.com)) - The Body Mat® is the latest advancement in non-invasive pain relief. The company has taken a holistic approach to providing alternative options to opioids. Master Healer and the Inventor of The Body Mat®, Jennifer Von Behren, designed the product with the aim to bring pain relief, faster healing and stress relief without the need for opioids, shots, surgery or other invasive treatments. The Body Mats® are the perfect natural alternative to those who are looking for the same results without the side effects of opioids.

“I had a vision and a goal to heal the world in a Powerful, Natural and Non-invasive Way.” - JVB

The Body Mat® combines a variety of minerals and crystals to help boost our natural healing abilities. Crystals and minerals produce different vibrations and frequencies which harmonize with the body to reduce toxins, illness and even cancerous cells. [**The Power is in the Stones!**](#)

“After my first session on The Body Mat® I was not in pain from my Rheumatoid Arthritis! It’s Amazing!” – Robin Ducote, Physical Trainer

Frequently reported client experiences after using The Body Mat® even one-time have shown to heal those with chronic and acute pain, such as headaches, arthritis, fibromyalgia, inflammation, as well as back and muscle pain.

Professional athletes and many sports practitioners are now using The Body Mat® to help accelerate the healing process after sports injuries. They have found that daily use has increased their mental clarity, focus and overall strength.

The Body Mat® has helped many practitioners reduce the pain, stress and discomfort for their clients without prescribing opioids. The Body Mat® customers include Chiropractors, Physical Therapists, Massage Studios, Yoga Studios, Wellness/Spa Centers, Holistic Healthcare, Sports Therapists, Hyperbaric Chambers, and people like you and me.

“The addition of The Body Mat® to our practice has made a noticeable difference in reducing our Patients levels of pain and discomfort.” – Dr. Rich May Chiropractor
