

The Scraplinkedin.io developed the tool that automates the extraction of leads on LinkedIn Sales Navigator.

This tool runs on Terminal on Mac and Command on Windows in an interactive way.

Mumbai, Oct 29, 2019 (Issuewire.com) - The tool that automates the extraction of leads on LinkedIn Sales Navigator named **Scraplinkedin.io**. We provide a tool that automates the extraction of Leads from LinkedIn Sales Navigator without consuming your credits and without marking leads or accounts as viewed. This tool runs on Terminal on Mac and Command on Windows in an interactive way.

This Chrome Extension helps you gather data of your leads (First name, last name, Designation, Company Name, and Address) and downloads the CSV file in your browser with a very simple and automated process without storing your leads data on the cloud. It provides 2 days free subscription.

For 2 days free subscription signup here: <https://scraplinkedin.io/signup>

Scraplinkedin Advantages:

- Single Click process
- Accuracy
- Productivity
- Business opportunities
- Data Security
- No data storage on the cloud
- 24*7 uptime and support

This tool takes one required argument for search query results extractor, which is the absolute URL of the search query results in the LinkedIn Sales Navigator, for saved leads/accounts extractors the absolute URL is not required. In order to use this tool, you must have a subscription plan on the LinkedIn Sales Navigator.

If you're interested to purchase this tool, please follow this link <https://scraplinkedin.io/pricing>

And you can use it unlimited times to extract unlimited leads.

You can customize this tool, by extracting more data or integrating some APIs to look for emails or push extracted leads to a CRM, you can drop me a message at **info@scraplinkedin.io**, just be more specific in your message, in order to understand your requirements.
