

## Transply's membership with the Power Transmission Distributors Association

**York, Oct 11, 2019 ([Issuewire.com](http://www.Issuewire.com))** - Regional distributor, Transply, Inc. renewed it's membership with a list of national distributors to bring their products and services to an even larger audience. The goal is to help provide more people with the industrial parts, repairs, and products they need.

Recently, [Transply, Inc.](http://www.Transply.com) renewed forces with Power Transmission Distributors Association and reinforced its presence on their Distributor Member List. This puts Transply, Inc. in a position to help even more people find a lot of [industrial products](#) that, at times, are rather difficult to locate. Transply, Inc. will still continue to serve and grow their current clients but are now able to help an even larger audience of people who need industrial supplies.

On top of providing industrial supplies to those who want to replace or repair older machinery, Transply, Inc. also provides in-house repairs in their Greencastle, Pennsylvania facility. Their primary focus is the repair of [electric motors](#), but they can also help with repairs to brakes, reducers, pumps, clutches, and blowers. The experienced professionals of Transply, Inc. are also open to helping with other repairs

whenever possible, should their clients need it. Transply, Inc. will also make sure the local transportation is covered by picking up and dropping off the machinery in need of repairs.

By being a part of the Power Transmission Distributors Association's Distributor Member List, Transply, Inc. hopes to bring a new audience to their brand. They have a long history of helping customers in search of industrial supplies and machinery repairs. They also work with the Minority Business Enterprise (MBE) to provide companies with Minority Spend Credits, so that local (and not-so-local) minority-owned businesses can have help getting any repairs they may need. The primary goal is to help support the diversification of the local industry companies on as many levels as possible.

### **About Transply, Inc.:**

Transply, Inc. was established in 1972 by Ray and Dean Gross, brothers who sought to help local industrial companies in Dillsburg, Pennsylvania. What began as a small, single-room shop has since expanded into a multi-million-dollar, multi-location powerhouse that is set to become a leading distributor of [industrial products and services](#) in the near future. There are now eight facilities with sales offices to cover both in-person and off-site customers, that span across Virginia, Pennsylvania, and Maryland. Today, the company is still owned by the Gross family but is no longer run by the brothers.
