

Why would a Lawyer and a Doctor Stoop to Scoop ROAD Trash?

Paymon Barati-Darmian, Attorney & Founder of www.ChosenLawyers.com, got together with Dr. Chris Landon, head of the Pediatric Department for Ventura Community Medical Center, to clean up roads & discuss dangers of falling debris from unsafe vehicles.

Competent, Creative, Compassionate.SM

Ventura, Oct 26, 2019 (Issuewire.com) - A few weeks ago, Mr. Darmian met Dr. Landon at a community event. After a brief exchange of pleasantries, Landon asked Darmian: “What do you do?”

In response, Darmian said: “I am a Lawyer and a Warrior for Justice! I've founded

www.ChosenLawyers.com: A Multilingual Communication Platform for some of the most Competent, Creative and Compassionate Lawyers, in all fields of law; and the people who need them to defend their rights and obtain justice. Lawyers, who courageously stand for causes and zealously advocate for cases. Today, I am here to create awareness about road safety; and find volunteers to help us clean up our roads.”

Dr. Landon, a Healer for over 30 Years—and a Powerful Advocate for Human Rights, Health, Safety, and Peace—asked Darmian for more elaboration.

Darmian explained, how every year, millions of crashes happen on our roads. Many of these preventable accidents are caused by falling objects from unsafe vehicles and unsecured cargos. In support of his cause, Darmian cited this government report:

“According, to the National Highway Traffic Safety Administration (NHTSA), in 2016 alone, a whopping 90,266 accidents were caused by debris falling from vehicles. These accidents seriously injured 19,663 people: 683 of them fatal.”

Darmian’s inspiring stance for safety and justice intrigued Landon, so much so that he invited him to appear in his TV show, “Get Moving TV” recorded at Ventura Adult Continuing Education.

Darmian, a creative film & media graduate, and a visionary lawyer, is also developing the world’s first Multilingual Visual Legal Dictionary. When asked for more information on this project, he said: “If a picture is worth a thousand words, just imagine utilizing a thousand pictures to define one word.”

Dr. Landon became so impressed by Darmian’s unyielding aspiration that he offered to help set up a nonprofit organization under www.iFundJustice.org. So that caring people, everywhere, can help with the cost of producing this empowering and educational gift, for everyone. A true spirit of one for all and all for one.

Upon a closer look at www.ChosenLawyers.com you’ll find out why people, everywhere, see it as a true—one-of-a-kind—communication platform for causes and cases. In addition to their creative and compassionate essence, the good people of Chosen Lawyers see words such as humility, integrity and diligence not as mere nouns, but powerful verbs, with colossal impacts—on everything they do.
