New York City, Nov 1, 2019 ([issuewire.com](http://www.issuewire.com)) - Author Frank Franco Releases New Supernatural Thriller - The Prophets and the Executioner: The Awakening

Author Frank Franco is pleased to announce the release of his new supernatural thriller, The Prophets

and the Executioner, Book One The Awakening. Book Two The Prophets and The Executioner "The Darkness is due out in December 2019.

This trilogy is lightly based on the author's beliefs and personal experiences of something existing beyond this world. A somewhat mystical connection guiding us through life and then welcoming us home when we die. Although purely fiction, The Prophets and the Executioner explore why we are here, where we came from and what comes next.

With war ravaging their planets and destroying their once-peaceful existence, they fled their homes in search of a new beginning.

Arriving on earth over ten thousand years ago, they brought with them the secret science of immortality, the wisdom of once living in perfect harmony, and the knowledge needed to recreate a utopia like the one they had just destroyed. What they didn't expect was to arrive on a planet that was far direr than the one they had just left and that it would be thousands of years before the earth would be ready for the knowledge they brought with them, if ever at all.

In 2011, Steven Di Carlo, unknowingly living his ninth existence as an executioner, was about to be awakened to his purpose on earth by remembering his many past lives. Along with his prophets Michael and Samuel, they would continue their enormous task of protecting the Book of Wisdom known as the KHoKeM, the very science of everlasting life. Rumours of its existence had some referring to the KHoKeM as the Holy Grail while others searched in vain for the ever-elusive fountain of youth. December 12, 2012, feared as the day of the apocalypse was, in fact, be the date targeted for the retrieval of the KHoKeM. September 9, 2019, would be the day its secrets are to be revealed to the human race. Will the people of the earth be ready for this knowledge? Will the prophets and the executioner decide that humanity is still too barbaric and choose to leave the science hidden for another thousand years, or will the path and all its wisdom forever be destroyed by the evil inside us all? The journey begins with book 1 of this new trilogy by Frank Franco.

The Prophets and the Executioner, Book One, The Awakening is available for purchase in print and ebook formats.

About the Author:

Frank Franco is a 63-year-old proud father of two wonderful children; the grandfather of five amazing grandchildren aged 2 to 11 and has been married to his wife Lina, for the past 42 years.

Born in Amato, Italy in 1955, he immigrated to Vancouver Canada at the age of 4 and has lived there ever since.

Although Frank is not an accomplished writer, I would definitely call him an accomplished storyteller. He began writing *The Prophets and the Executioner* in 2008, mostly writing on Saturday mornings and while on vacations. Writing a novel was a bucket list item he always dreamed of completing and after numerous re-writes, and the story taking control of the writer, one novel turned in to three and thus a trilogy was created and the adventures of Steven DiCarlo (*The Executioner*) and Samuel Stewart (his Prophet) took him on quite an amazing ride.

This trilogy, *The Prophets and the Executioner* are lightly based on the author's beliefs and personal experiences of something existing beyond this world. A somewhat mystical connection guiding us through life and then welcoming us home when we die. Although purely fiction, *The Prophets and the Executioner* explore why we are here, where we came from and what comes next.

With no formal education as a writer, the intention was to complete the novel, print a few copies and hand them out to family and friends and cross that one off the bucket list. But coming from a newspaper background and having writers and editors as friends, he was encouraged by them to pursue publishing his story. Now that book one and two are complete and book three has been started, he thought, why not!
