

Burton Langer, DMD, a Periodontist with Langer & Langer

Get to know Periodontist Dr. Burton Langer, who serves patients in New York.

New York City, Nov 18, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Dr. Langer is an experienced periodontist who has been a pillar of clinical and didactic growth for decades, developing revolutionary procedures to optimize functional and esthetic outcomes. He is board-certified through the American Board of Periodontology, the only dental specialty board certifying in periodontology and dental implant surgery.

He and Dr. Lauren Langer serve patients' dental needs at their practice, Langer & Langer, in New York City, New York. Over the last 30 years, they have placed more than 45,000 dental implants in over 8,000 patients with a documented success rate of 97%. "When you visit our Manhattan office, your smile is always our top priority. Our entire Manhattan Dentistry team is dedicated to providing you with the personalized, gentle care that you deserve. Part of our commitment to serving our patients includes providing information that helps them to make more informed decisions about their oral health needs." as stated on the practice's website.

As one of the first periodontists trained in osseointegration by Professor Per-Ingvar Branemark in 1983, Dr. Langer's development of new modalities of therapy, including the early re-entry procedure for bone grafts, the ridge augmentation procedure, the subepithelial connective tissue graft, and various flap procedures for implants, these have become standard methods of treatment and are taught at most dental schools throughout the world.

Among his professional experience, he is a former Associate Clinical Professor of Periodontics and the former Director of Postgraduate Clinical Periodontics at Columbia University School of Dental and Oral Surgery.

In regards to his educational background, he earned his Doctor of Medicine in Dentistry Degree from Tufts University School of Dental Medicine in Boston, Massachusetts. Thereafter, he went on to receive his certificate in periodontics and his Master of Science Degree from Boston University Henry M. Goldman School of Dental Medicine in 1966. In addition to being a Fellow of the Academy of Osseointegration, he is a member of several professional organizations, including the American Dental Association, the Northeastern Society of Periodontists, and the New York State Dental Association.

Periodontology or periodontics is the specialty of dentistry that studies supporting structures of teeth, as well as diseases and conditions that affect them. A periodontist is a dentist who specializes in the prevention, diagnosis, and treatment of periodontal disease, and in the placement of dental implants. They are familiar with the latest techniques for diagnosing and treating periodontal disease, as well as trained in performing cosmetic periodontal procedures.

Throughout the years, Dr. Langer Dr. has lectured extensively throughout the world and has written over 40 articles and chapters in 6 textbooks, many of which have original concepts that have enhanced the clinical practice of periodontics and implant dentistry. He is the 1992 recipient of the Hirschfeld Award for Clinical Excellence and the 1997 recipient of the American Academy of Periodontology Master Clinician Award.
