

Finding Enlightenment and Global Religious Harmony in 7 Stages

Accomplished scientist shares what it takes to discover and live in true discipleship

The background of the book cover is a photograph of a mountain range at sunset or sunrise. The sky is a warm, golden-orange color, and the mountains are silhouetted against it. The foreground shows dark, rolling hills.

SOULS *from* MERCURY

RAJU RAMANATHAN

Pittsburg, Nov 12, 2019 (IssueWire.com) - It was Charles Darwin who pointed out that the future evolution of mankind cannot happen through the continuation of the “survival of the fittest” ideology. It lies in the courage to stand up like the first animal did and move in a vertical dimension, whereas developing kindness, compassion, and empathy are the hallmarks of evolution and truly an inward revolution. This goal can be achieved by delving deeper into the selves through the simple process of meditation and mindfulness.

In [Souls from Mercury](#), readers are given the front seat in learning the pathway to their inner vastness—that is, Samadhi, Enlightenment, or the “Mercury space.”

Raju Ramanathan (also known as Master Raju and his pen name Datta Yogi Raja) is the scientist of both the inner and the outer worlds. Having contributed to the NASA space missions, he is sought after by major corporations to be their pioneer and champion for continuous improvements and by the powerful individuals to be their life coach and spiritual teacher. For more than twenty years, Yogi Raja has been empowering seekers in Europe, Asia, United States, and Canada. His unique approach brings a life-transforming spiritual message to people of all religious paths and cultural backgrounds. As Yogi Raja reintroduces the lessons of ancient masters to the Western modern community, all those who are concerned about the well-being of today’s world will find Yogi Raja’s teachings enlightening and inspirational.

Raju’s work will be exhibited at the Authors Press booth # 454 during the AASL 19th National Conference & Exhibition, to be held on the 14th to the 16th of November 2019 at the Kentucky International Convention Center, located at 221 S. 4th Street, Louisville, KY, 40202.
