Mumbai, Nov 29, 2019 ([IssueWire.com](https://www.issuewire.com)) - 50 years of expertise in the crimping sector, FinnPower India is the most reliable services provider and stockist of general production machinery in the country. The company will be exhibiting the ENGIMACH 2019 starting 4th Dec '19 - 8th Dec '19 in Gandhinagar, India and Excon 2019 commencing from 10th Dec '19 - 14th Dec '19 in Bangalore, India. Finn Power is a Finland based company offering top-quality general production machinery to the various industries. The company has been extending the best services to the clients across industry verticals since 1973. They are an excellent company in crimping technology and equipped with a state-of-the-art workshop to provide impressive manufacturing results.

The Indian representatives, [Finn Power India](https://www.finnpower.in/), is proud to introduce the hose-crimping presses P16HP, P20NMS, P32NMS, P60UC, CC26ZICC and MS, ICC & SCC Control System in the upcoming ENGIMACH 2019 and Excon 2019. Finn-Power P20NMS, P60U and P32NMS are robust, fast and consistent hose-to accomplish all crimping operations. These models are equipped with an automated switching-off system of the hydraulic plant whenever the machine is idle. The new CC26ZICC model offers productivity and quality while the unique design protects the machine when running in the severest environments. On the other hand, Finn Power India's SCC control system is a modern user interface with icons and a bright visual display of all crimping parameters. Whereas, MS control system is a basic control for crimping machine that is easy to use and therefore best suited for single-piece production.

Finn Power India offers a comprehensive range of crimping machines and control systems for the various production and application requirements. The customer can see and test the P16HP, P20NMS, P32NMS, P60UC, CC26ZICC and MS, UC & ICC Control System in the upcoming ENGIMACH 2019 and Excon 2019 exhibitions. For a better understanding of the crimping process, Finn Power India will showcase some of their crimping samples in both exhibitions. The company will be available at Hall No. 13, Booth: 129 in ENGIMACH 2019 starting from 4th Dec '19 - 8th Dec '19 at The Exhibition Centre, Gandhinagar, Gujarat. The Excon 2019 commencing from 10th Dec '19 - 14th Dec '19 at BIEC, Bangalore, Karnataka, India and the company will be available at Hall No. 05, Booth: D58.

To know more about the exhibition, visit the <https://www.finnpower.in/>, call 91-8657224889.
