

Global Polyacetal (POM) Market Analysis 2019 - Trends & Forecast till 2030,

Global POM Demand in 2018 estimated at 1304 kilo tons which has grown at an aggregate rate of 4.5% per annum between 2005 and 2018. Global demand is expected to grow to nearly 1526 kilo tons by 2025.

Mumbai, Nov 29, 2019 (Issuewire.com) - Prismane Consulting is pleased to announce the publishing of its fifth edition of [Polyacetal \(POM\)](#) Market Study & Strategy Report.

The study provides detailed information and describes the Polyacetal (POM) global market, with a focus on major countries and their subsequent demand for different applications. The study covers demand analysis for regions like North America, Western Europe, Central & Eastern Europe, Central & South America, Asia-Pacific and Middle East & Africa and major countries like the U.S., Canada, Mexico, Germany, France, Italy, U.K., Spain, Russia, Poland, Czech Republic, Turkey, China, Japan, India, South Korea, South Africa and Saudi Arabia.

The major applications included are

The major applications included in the study are

Automotive [Interior (Window lifter, Wiper, Seat Belt, Sound Grill and Other Interior Parts), Exterior (Fuel System and Other Exterior Parts) and Under-the-bonnet],

Electrical & Electronics [Micro Gears and Other Electrical & Electronics Parts],

Industrial [Conveyor Belts (Food (food processing) slow-moving, Bottle (PET bottles) fast-moving and Industrial (Auto assembly line, other assembly line, logistics)), Industrial Gears (Power Tools, Office Automation and Building & Construction) and Other Industrial Applications (Excl. Gears)],

Consumer & Home Appliances [Consumer & Home Appliances Gears (Vacuum Cleaner and Other White Goods) and Others Consumer & Home Appliances (Excl. Gears)],

Food Contact,

Medical Devices [Drug Delivery Insulin Pens, Inhaler, Surgery, Injection Systems and Wearables],

Sporting goods

Semi-finished Products

Others.

Polyacetal (POM) Market data in term of volume and value for each application and sub-application at regional and country level has been provided.

- Polyacetal (POM) market analysis for demand-supply at regional and country level.
- Business opportunity assessment.

- Macro-economic factors like GDP, population and world economic integration.
- Strategic issues and recommendations.

Companies Covered:

- Celanese Corporation
- DuPont
- Polyplastics
- Asahi-Kasei
- Korea Engineering Plastics
- Kolon Plastics
- Mitsubishi Engineering Plastics
- Ibn Sina
- LG Chemical
- BASF
- Yuntianhua
- Formosa Plastics Corporation
- Zakłady Azotowe Tarnowe

Other Manufacturers

About **Prismane Consulting**

Prismane Consulting is a unique consulting and market research firm providing management, economic and technical expertise across the global Chemicals, Petrochemicals, Polymers, Materials and Energy value chain. The company has been advising clients on their key strategic issues solving their toughest and most critical business problems. We have helped some of the fortune 500 companies develop their strategic plans by tracking and interpreting market dynamics.

Prismane consulting has completed a number of multi-client studies and projects. It offers Market Studies, World Analysis and Strategy Reports related to Refining, Chemicals, Petrochemicals, Plastic & Polymers and Materials.

Prismane consulting has recently published the fifth edition of all its engineering plastics market studies including:

[Polycarbonate](#)

[Polyether ether ketone \(PEEK\)](#)

[Liquid Crystal Polymers \(LCP\)](#)

Polyamides

PPS

Polysulfones

Thermoplastics Elastomers (SBC, TPU, TPV, TPO, PEBA, COPA, TPC, others)
