

Medicinal & Aromatic Plants Announcing Hefty Discounts on Article Processing Charges

Hefty Discounts on Article Processing Charges

Brussel, Nov 28, 2019 ([IssueWire.com](http://www.IssueWire.com)) - *Open access publishers generally accept payments for article processing, web-hosting and online archiving. Medicinal & Aromatic Plants a constituent of Longdom Publishing SL has announced almost 30-50 percent of discount on article processing charge.*

The editorial team of Medicinal & Aromatic Plants are overwhelmed by the response and eagerness of the academic and research contributors to publish with the journal and take part in the year-long celebrations. During this year we look forward to taking some initiatives that would encourage and reward our prospective customers. It gives us great pleasure in announcing the call for paper at a special and hefty discount of 30-50 percent on one-time article processing charge.

Prospective academicians and scientists are encouraged to utilize this opportunity to get their contents reviewed, processed and published at a relatively faster pace and at low expenditure. In addition to this, the authors who publish with us during the year-long celebrations will also be eligible for academic awards recommended by the editorial panel. The journal is committed to serving its readers authors by

adding the state of the art facilities to enhance the author's scholarly visibility.

The Medicinal & Aromatic Plants aims to broadcast the latest findings from systematic explorations in the areas of Medicinal Plants, Medicinal Herbs, Plant Medicine, Aromatic Plants, and Fragrant Plants; Healing Herbs; Aromatic Flowers, Common Medicinal Plants, Aromatic Crops, History of Medicinal Plants and Aromatic Shrubs. The journal lays special emphasis on the Medicinal Plants, Aromatic Plants and the associated Aromatic Compounds. The journal has been publishing the most recent developments in the fields of Plant Medicine, Healing Herbs, Herbs Side Effects, and Plant Spirit Medicine as full-length research articles.

The journal invites different types of science communications including original research article, systematic reviews, short note communications, case reports, Editorials, letters to the Editors and expert opinions & commentaries from different regions for publication.

A standard editorial tracking system is utilized for manuscript submission, Peer review, editorial processing and which can be securely accessed by the authors, reviewers and editors for monitoring and tracking the article processing. Manuscripts can be uploaded at <https://www.longdom.org/submissions/medicinal-aromatic-plants.html> or forwarded to the editorial office at Editor.map@echemistry.org; medaromaticplants@journalinsight.org.

- After submission, an acknowledgement with manuscript number is sent to the corresponding author within 7 working days. A 21 day window time frame is allotted for peer-review process wherein multiple experts are contacted. Author proof is generated within 7 working days after the acceptance decision.
- The HTML and PDF formats of the accepted articles are hosted on the website after assigning DOI number by the CrossRef. The journal publishes the articles under open access policy with creative commons attribution license [CC-BY-NC 4.0] permitting third party reuse with an appropriate citation in addition to the retention of content copyright by the author.
- In addition to archiving, the published articles are also promoted through various scientific and social media as well as through International indexation and abstracting services.
