Song Description: This soaring, ethereal, and dirty club banger, Soundwave, is the 3rd track off NYC duo Horizon Wireless' brand new album Welcome to the Network. You will be singing this one to yourself for weeks. Catchy vocal hooks, slamming bass & drums, and funky guitars/trumpets/synths are woven together into a neo-classic masterpiece of a tech-funk pop track.

Horizon Wireless Artist Bio: After a decade of destroying dance-floors ranging from Mercury Lounge up through The Theater at Madison Square Garden, NYC based DJ/drummer tech-funk duo has finally released their first all-original album, Welcome to the Network. This effort is a refreshing independent pop album rooted in deep electronic and instrumental hybrid grooves
