

Teri Tran, DC, a Chiropractor with A.P.I.C. Therapy Center

Get to know Chiropractor Dr. Teri Tran, who serves patients in San Jose, California.

New York City, Nov 21, 2019 ([Issuewire.com](http://www.Issuewire.com)) - With years of experience as a chiropractor, Dr. Tran specializes in disc and nerve injury due to whiplash caused by motor vehicle accidents, sports injuries,

or other heavy high impact or repetitive activities. She also specializes in medical equipment and bracing for chronic pain such as arthritis, scoliosis, and flat feet.

In her professional role, she serves patients at her private practice, A.P.I.C. Therapy Center in San Jose, California. A.P.I.C. Therapy Center is a comprehensive therapy clinic specializing in a wide range of neuromusculoskeletal conditions and treatment techniques.

In addition to being licensed and certified to practice chiropractic in the State of California by the National Board of Chiropractic Examiners and the California Board of Chiropractic Examiners, Dr. Tran is certified to perform radiologic exam by the State of California Department of Health Services as a Radiography X-ray Operator and Supervisor.

Throughout her academic career, she earned her Doctor of Chiropractic Medicine Degree from Palmer College of Chiropractic West Campus in San Jose, California. Initially, she started her career in southern California at the University of Southern California as an architect major. Little did she know that her love for math and physics would become important tools in aiding her to provide the best possible care for her patients as a chiropractor.

Among her philanthropic involvement, Dr. Tran provided free chiropractic care with the help of the Red Cross and the Rotary Club to 1,500 Mexican residents on a chiropractic mission trip to Piedras Negras, Mexico in 2008. In 2010, she advocated and helped the Muscular Dystrophy Association raise money for research, treatment, and counseling services for people and families affected by muscular dystrophy. A year later, in partnership with the Aloha Charity Festival, she helped to raise money and awareness for cancer research and treatment through the American Cancer Society.

In 2014, she served as a volunteer with BeCause Vietnam at their Lunar New Year event to help raise funds for the non-profit organization to be able to build schools, water filtration systems, and bridges for the communities in need in Vietnam.

Chiropractic medicine is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, extremity adjustments, manipulation, and other techniques to manage patients' health concerns, such as neck pain, back pain, and other joint pain like those to the shoulders and ankles. They aim to improve patients' functionality and quality of life, by properly aligning the body's musculoskeletal structure and enabling the body to heal itself without medication or surgery.
