

Announcement for latest ITIL4 Managing Professional Course

ITIL4 Managing Professional Course

Pune, Dec 4, 2019 (Issuewire.com) - We at NovelVista Learning Solutions are into the Training and Certification industry for the last 7 years and currently holding Global Leader in ITIL and SIAM Training and Certification provider with true value to our customer. We are Rising, we are growing only because our customers trust us and believe in us for what we do. We also have more than 50 corporate training tie-ups with multiple multinational corporations like TCS, Wipro, IBM, Capgemini and many more.

The reason behind this announcement is we are launching a brand new ITIL4 Managing professional Training and Certification course from PeopleCert on behalf of AXELOS. ITIL4 managing professional Transition is a bridge course from which ITIL v3 certified professionals who have 17 or more credits in ITILv3 Scheme can directly jump from ITILv3 to ITILv4 Expert level.

Why this announcement is important for you:

1. We are launching ITIL4 Managing Professional Transition Module (Bridge Course) from 1st week of October 2019.
2. We have training and certification batches all over the world every month.
3. This bridge course enables professionals who have more than 17 credits in ITILv3 Scheme to transfer their expertise from ITILv3 to ITIL4
4. This Bridge course is designed to give you a complete understanding of ITIL4 and all the Specialist modules in the ITIL4 Scheme.

Following is the course syllabus released from AXELOS for ITIL4 Managing Professional Transition Module:

What You Will Learn in ITIL4 Managing Professional Transition Module

This module will provide information on the key elements of the following modules from AXELOS ITIL4 Managing Professional Module:

ITIL4 Foundation
ITIL4 Specialist Drive Stakeholder Value

ITIL4 Specialist High Velocity IT ITIL4 Strategist Direct Plan and Improve
