

C. Robert Valeri, MD, a Hematologist who is Retired from Practice

Get to know Hematologist Dr. C. Robert Valeri, who served patients in the State of Massachusetts.

New York City, Dec 12, 2019 ([Issuewire.com](http://www.Issuewire.com)) - Dr. Valeri is a hematologist who is retired from practice and currently living in Massachusetts. He is the former Director of the Naval Blood Research Laboratory at the Boston University School of Medicine.

With an impressive professional journey that spans over five decades, Dr. Valeri also served as a Professor of Medicine and Research and Professor of Surgery at the Boston University School of Medicine, a Professor of Medicine at Tufts Veterinary School, and as a Lecturer in Surgery at Tufts University School of Medicine. Moreover, he is a retired Navy Captain.

After earning his medical degree from Harvard Medical School in Boston, he went on to complete his residency in internal medicine at Boston City Hospital and New England Medical Center. Wanting to further his training, he completed his fellowship in hematology at the Boston City Hospital.

Thereafter, the doctor earned board certification through the American Board of Internal Medicine, a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world. He also earned fellowship status with the American Society for Clinical Investigation and the American College of Physicians.

A highly regarded hematologist and researcher, Dr. Valeri is an extensively published author in peer-reviewed journals as well. Among his many achievements, he is the recipient of the Morten Grove-Rasmussen Award from the Massachusetts Association for Blood Banks in 1991 and the Lifetime Achievement Award from the Armed Services Blood Program in 2009.

Hematology is the branch of medicine concerned with the study of the cause, prognosis, treatment, and prevention of disorders related to blood. Hematologists are doctors who specialize in blood, blood-making organs, and blood disorders.
