

Change Makers 2019: A milestone for SuccessGyan

Chennai, Dec 19, 2019 (Issuewire.com) - It was a prolific event. It was indeed a delight to see such great minds under one roof. Initially, when [Success Gyan](http://SuccessGyan.com) started, there was a proposed vision to transform people's lives. Since then, we have been successful in doing what our mission states. Over the years, we have grown and have innovated better ways to push people to their life goals.

To mark this great success, we threw an evening bash - 'Change Makers 2019'. The event was hosted to mark the eight successful years of Success Gyan. When we think of the journey, it takes us back to

that day when Brian Tracy was called aboard to address a gathering of 200 aspirants. Though it was a complicated task to make people understand the motive, the team spent days and nights in breaking barriers to achieve its purpose.

We took pride in awarding, whom we believe are great leaders. We are happy to have them in our family and are proud to venture with them.

The Awardees:

- Master of Business Transformation - Rajiv Talreja
- Master of Digital Marketing - Siddharth Raajasekar
- Master of Wealth Creation - Mac Attram
- Queen of Personal Development - Veronica Chew
- Master of Masters - Blair Singer
- Malathi Jayasekar Award - for two deserving single mothers - Usha and Sudha

The honors were given to thank the awardees. To show the crowd of the great things they've done - being a backbone to Success Gyan, being the best business coaches, innovators, facilitators, and for being the masterminds behind many successful conferences and events that made Success Gyan what it is today.

Also, as always Suren was innovative, and of the seven mind-blowing initiatives he designed, we picked and announced the top 3 to be launched by 2020. We believe this will take Success Gyan to the next level.

- Super Speaker - India's 1st ever reality show to find the next best motivational speaker in the country. The winner gets to speak alongside Tony Robbins in Oct 2020, in India.
- Hindi Markets – Success Gyan's vision is to reach every single household, and this is possible through native languages. Hindi is widespread, and hence in 2020, we will have a Business Growth Summit, Business Breakthrough Seminar, Business PACE program and a three-day Money and Personal Development Program in Hindi, across 18 cities.
- Success Gyan Academy – When people are committed to their success, we believe that nothing should come in their way. It's a platform for world-class trainers to train and teach their audience through webinars and online courses, and the intention is to have 100+ trainers by the next three years.

Change Makers 2019 was a great success. However, we will strive to make it more successful by 2020 with added success stories and people. We are hoping to see the Success Gyan family bigger, better and powerful. Success Gyan is created to identify, develop and support great leaders for our future. To change, create and innovate is our mantra.
