ERIC ARNOUX, FRENCH BUSINESSMAN.

Founder of PureConcept

THE COURSE OF ERIC ARNOUX

Eric Arnoux is an entrepreneur born May 19, 1966, in Grenoble. A French national, this engineer by training, is the founder of the international design and production [brand Pureconcept](#).

He is the father of 2 twins, Victoria and Salomé.

Eric Arnoux is **above all** a passionate autodidact who started his entrepreneurial adventure by creating his first company in 1991.

He has gradually built a dynamic real estate group in the south-east of France and in the Alps which will quickly meet with great success and be exported across borders.

The unique luxurious design designed by [Eric Arnoux](#) leads him to focus only on exceptional projects and achievements that will help create his worldwide notoriety.

Eric Arnoux's real estate projects now number in the **hundreds**, in France, Switzerland, including the United States, the West Indies, Africa and the Middle East.

ERIC ARNOUX, A FRENCH ENTREPRENEUR, REAL ESTATE BUSINESSMAN, STYLE INVENTOR, AND LUXURY DESIGNER

Eric Arnoux, the founder of **PureConcept** and one of the most influential personalities in the world of luxury design and international Real Estate

[Eric Arnoux](#) was the personal economic advisor to the President of Guinea-Bissau. The diplomat **at the WTO to defend the** economic and development interests of Guinea Bissau on the **world trade scene for several years.**

His passion for design and the design of exceptional spaces, **he led in addition to real estate** to conceive the designs of yachts and **private jets for** the most demanding customers.

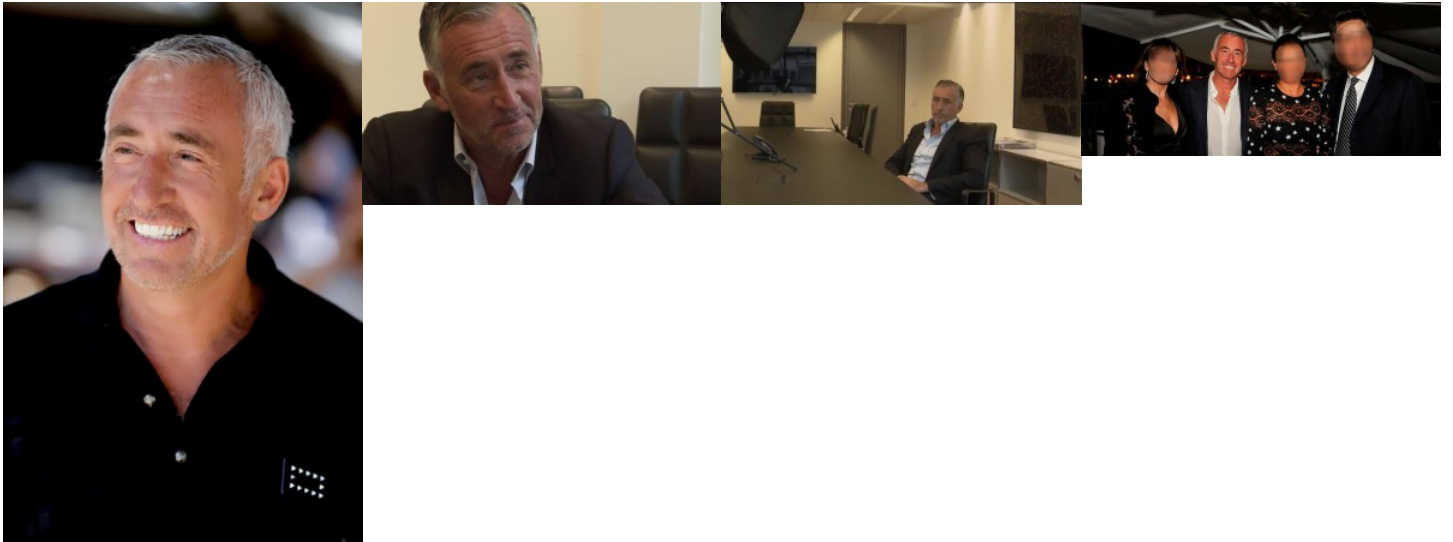

This exceptional success leads his group to **be the** victim of a vast campaign of defamation and denigration on the internet, following economic difficulties encountered during the years of crisis. This created different courts in 2016 and 2017 of which today no conviction has been pronounced. Eric Arnoux continues today the development of his design and conception activity.

Currently working on different projects and concepts including the ecology and sustainable

development in ultra-luxury projects and always with a design as rare as it is exceptional.
