

Get to know Pediatric Pulmonologist Dr. Biswas Joshi, who serves patients in California

Biswas Joshi, MD, FAAP, a Pediatric Pulmonologist with Loma Linda University Pediatric Subspecialty Clinics - Immunology and Loma Linda University Children's Hospital

New York City, Dec 24, 2019 (IssueWire.com) - Fluent in both English and Hindi, Dr. Joshi is a board-certified pediatric pulmonologist who can be found on staff at Linda University Pediatric Subspecialty Clinics - Immunology in San Bernardino, California, as well as Loma Linda University Children's Hospital in Loma Linda, California.

Loma Linda University Children's Health is committed to keeping children healing, healthy, and happy, no matter where they are in their healthcare journey. With the 343-bed Loma Linda University Children's Hospital and multiple clinics throughout the four-county Inland Empire, the largest geographic region in California, Children's Health provides all aspects of care to nearly 100,000 patients every year.

After earning his medical degree from Nepal Medical College, Dr. Joshi relocated to the United States to complete his internship at Maimonides Medical Center in New York City, New York. He then went on to complete his residency in pediatrics at Maimonides Medical Center, followed by his fellowship in pediatric pulmonology at Children's Hospital Los Angeles.

In addition to being a Fellow of the American Academy of Pediatrics (FAAP), the doctor is board-certified in both pediatrics and pediatric pulmonology by the American Board of Pediatrics (ABP). The ABP exists to promote excellence in medical care for children and adolescents. Certification represents dedication by pediatricians, pediatric subspecialists, and pediatric trainees to the highest level of professionalism in patient care.

Pulmonology is a medical specialty that deals with diseases involving the respiratory tract. A pediatric pulmonologist diagnoses, treats and manages children from birth to 21 years old with breathing and lung diseases. They practice in places like children's hospitals, university medical centers, and community hospitals.
