

IPM Is All Set To Begin Its New Drug Regulatory Affairs Batches

Dombivli, Dec 23, 2019 (Issuewire.com) - The Institute of Pharmaceutical Management (IPM) is all set to start its new drug regulatory affairs batches in 2020 at its 3 major Mumbai locations- Borivali, Dombivli, and Vashi. This PG Diploma Certification program will be arranged every Sunday for a duration of 1 year.

The GMP Compliance training is designed for individuals representing Drug Quality Assurance, Quality Control, Production, and Management. Students can also enroll in 'Distance Learning Program' built with the best Industry Partners and Experts from IPM. The highlights of the new drug regulatory batches are Dedicated Mentorship, Expert Career Guidance, Post-course Completion Support, In-tune With the latest Industry Trends and Industry-Based Training Modules.

With expertise and credentials as skilled trainers, IPM also conducts regular seminars on regulatory and GMP compliance at all locations across India. The institute also provides offsite regulatory affairs training at company premises. They have the ability to tailor each and every aspect of the training process as well as customize the lessons according to the company's own policies.

Speaking on the announcement of new drug regulatory affairs batches of 2020, Mrs. Sheetal Mohidekar, Manager of IPM, said "With a strong understanding of the regulatory affairs and experience of over 13 years, IPM dives in to deliver training which is tactical, engaging, and impactful. The training programs will show possibilities to improve your systems and how to run them efficiently and in compliance with GMP and other Regulatory Guidelines"

About IPM:

Institute Of Pharmaceutical Management (IPM) is one of the leading institutes in India offering PG Certification Course Program and Distance Learning in Drug Regulatory Affairs and Analytical Data Review.
