Get to know Dentist Dr. Vera Matshkalyan, who serves patients in Kingston, New Hampshire.

New York City, Dec 20, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Dr. Matshkalyan is currently serving patients' dental needs at Kingston Family Dental in Kingston, New Hampshire. As New Hampshire's first green dentist, she offers green dentistry in Kingston and surrounding areas, including East Kingston, Danville, Newton, Brentwood, Plaistow, Exeter, Hampstead, Epping, Salem, Raymond, as well as Haverhill and Amesbury, Massachusetts. Green dentistry is a commitment to providing quality dental care that is as beneficial to the environment as it is to patients. Its aim is to reduce unnecessary waste and pollution by using digital technology and other forms of advanced equipment and techniques to make a minimal impact on the environment.

In 2008, Dr. Matshkalyan graduated with honors from New York University College of Dentistry. Upon her graduation, she was selected as a member of the Omicron Kappa Upsilon National Dental Honor Society, as a dental student who has distinguished herself in scholarship while demonstrating exemplary traits of character and leadership.

To this day, she is committed to continuing her dental education in order to better serve her patients and to stay up to date on the latest technologies, procedures, and materials. She holds active memberships in several professional organizations, including the American Dental Association and the New Hampshire Dental Society.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.

As such, Dr. Matshkalyan enjoys the varied challenges of general dentistry and the many opportunities to positively affect patients' lives by improving their smiles and their general oral health. She also enjoys community service and outreach to the underserved population.

In her spare time, she likes to spend time with her family and to participate in outdoor activities.
