

YourGuarantor announces exciting new partnership with PBSA provider True Student

Dorset, Dec 3, 2019 (Issuewire.com) - YourGuarantor, the specialist rent guarantor company has partnered with True Student, the award-winning student accommodation division of Bricks Capital.

The collaboration sees YourGuarantor (YG) provide eligibility for its service to all students staying with True at the market-leading rate of just 3.5% of the annual rent amount.

The company provide a service whereby they act as guarantor for students renting in the private sector. Without a UK guarantor, students are typically asked to pay most if not all of the annual rent in advance

Students will also benefit from YG's unique model in the guarantor market as they do not ask applicants for a 'co-signer', a requirement that other guarantor companies insist upon. As the only FCA authorised and regulated firm in the space, it further distinguishes itself from other providers & boasts several official partnerships with UK Universities & Student Unions

Commenting on the partnership Mike Jones, founder & managing director of YG says 'We're delighted to extend our service in the PBSA space and with 4 new fantastic schemes opening next year, we look forward to supporting the True Student brand over the coming years'.
