

7NRG Announces the On-Boarding of Dr. Richard Tempel as its Medical Advisor

Orlando, Jan 22, 2020 ([Issuewire.com](http://www.Issuewire.com)) - [7NRG INC.](#) announced today that they will be on-boarding Dr. Richard Tempel as its Medical Advisor to contribute towards the evaluation, critiquing and

communication of important scientific information related to the Company and the Company's products. Dr. Tempel specializes in Cannabinoids and emergency medicine, with a medical degree from the University of Maryland's School of Medicine and completed his residency at Duke University. His initial focus will revolve around assisting 7NRG with developing and implementing its CBD nutrition regimen within [TBL](#) (The Basketball League).

"As Medical Advisor at 7NRG, I hope to educate other physicians, coaches and athletes about the potential benefits of CBD. Preliminary studies have shown that athletes are working out longer and recovering faster by adding Cannabinoids to their exercise regimens. CBD is safe, non-addictive, and can be used multiple ways. I believe 7NRG's pre and post workout shakes are a safe option that all athletes can benefit from. The partnership between 7NRG and TBL allows us to collect real data to show this" - Dr. Richard Tempel Medical Advisor

7NRG will launch a study protocol in February with TBL, in conjunction with [Motives Made Just 4 Athletes](#) (MMJ4A) to assist coaches, trainers, team doctors and players on when and how often to ingest the company's pre and post shakes.

"As a result of CBD being foreign to the sports industry, Hemp based companies have had difficulties inserting their products into sporting organizations ranging from high school to the pros. On-boarding Dr. Tempel as our Medical Advisor has put us in a unique position when pertaining to developing and incorporating a product and regimen into TBL. This is something no other sporting organization has ever seen across the globe" - Treyous Jarrells Co-Founder

About 7NRG

At 7NRG our goal is to offer innovative and convenient sports nutrition that employ the advantages of broad spectrum cannabidiol (CBD). Founded in 2019, 7NRG is now located in the UK, South Africa and the United States. The company has become the first-ever CBD sports nutrition shake to be an official sponsor of TBL (The Basketball League), a professional basketball league based in Indianapolis. With the goal of giving athletes and health enthusiasts on-the-go convenience, 7NRG uses its patented packaging made of lightweight 100% recyclable polyethylene, making it not only convenient for consumers but for the environment as well.
