CCT 2020

Tokyo, Jan 10, 2020 ([Issuewire.com](http://www.Issuewire.com)) - It is our pleasure to invite you to take part in the [7th Edition of International Conference on Catalysis, Chemical Engineering and Technology](#) (CCT 2020) which will take place at Tokyo, Japan over Monday 18 – Tuesday 19 May 2020 and organized by [Magnus Group](#). The meeting will offer an opportunity for catalytic scientists and engineers from all over the world's academic and industrial communities to cooperate and network over the whole spectrum of Catalysis. The scientific program will be organized around the following all aspects of catalysis: Catalysis for Renewable Sources, Catalysis in Nanotechnology, Photochemistry, Photobiology and Electrochemistry, Micro-emulsion Catalysis and Catalytic Cracking, Industrial Catalysis and Process Engineering, Catalysis for Biorefineries, Advanced synthesis, Catalytic systems, and new catalyst designing, Integrated Catalysis, Green Chemistry, Heterogeneous catalysis, Reaction Chemistry, and Engineering, Petrochemical Engineering, Nuclear Chemistry/Radiochemistry, Enantioselective catalysis, and Computational Catalysis and Fluid Mechanics.

Recommended: [Catalysis 2020](#) | [Catalysis Conferences](#) | [Petrochemical Engineering Conferences](#) | [Green Catalysis Conferences](#) | [Chemical Engineering Conferences](#)
