

After a recent school shooting, community brought together for active shooting preparedness

iDARE nonprofit brings community together for a life-saving discussion on “Active Shooter Awareness and Preparedness”

Los Angeles, Jan 26, 2020 (IssueWire.com) - iDARE® team is dedicated to continuing its grassroots work in bringing the community together in achieving common goals: educate and foster resilient communities and sustainable development by mobilizing resources to stay prepared for disasters. This life-saving community discussion is to provide awareness in a conducive environment to learn how to be safe and stay prepared in the event of an active shooting situation. There will not be a demo during the discussion.

Our speaker panellists include respected community leaders, with featured speaker Ms. Nicky Dare, the founder of iDARE, advocate to Safety and Survival, CERT Community Emergency Response Team, a teacher of Saugus High School, Hart District, and Youth Director of United Methodist Valencia, and a firearms attorney, and other community leaders and law enforcement personnel.

“Our goal is to save lives. Our passionate team members are all regular people like you and I, who are selflessly dedicated to enhancing the quality of life by promoting a sustainable world to individuals, families, and communities through education. This can be only be done through an on-going coordinated effort by all.” Ms. Nicky Dare, founder of iDARE.

“I personally believe that Disaster Preparedness, in both natural and man-made disasters, should be fully integrated into our current outdated education system.” Ms. Nicky Dare, founder of iDARE.

This community event “Active Shooter Awareness and Preparedness”, will be held on Saturday, February 1, 2020, at Barnes and Noble Valencia.

This is an RSVP-required event. First come, first serve.
