

Arctic Fox Rolling Out Unique and Creative Laptop Bags and School Bags

Arctic Fox is offering a collection of attractive and ergonomically designed laptop bags and school bags.

Bengaluru, Jan 28, 2020 (Issuewire.com) - Arctic Fox is a name that has earned recognition and appreciation globally. It is a Bengaluru, India-based backpack brand that has revolutionized the backpack industry world over through its unique, innovative and interesting backpack themes. This brand designs backpacks keeping not just comfort but also style requirements of people in mind. Backpackers today carry backpacks not only for carrying their several belongings around but also adding a unique and stylish touch to their personality. Arctic Fox backpacks are conversation starters and help those carrying them to look class apart in a crowd.

Arctic Fox's spokesperson in an interview stated, "We know how comfortable backpacks are and the part they play for making our everyday lives convenient. However, we at Arctic Fox think a step ahead about backpacks. We think they have to be appealing, interesting, unique and eye-catching so that they end up adding a whole new excitement to people's lives. With this belief, we create backpacks based on innovative themes. Our backpacks are ideal for everybody, especially for those chasing a career in music, arts, dance, cinema, media, entertainment, content, design, etc."

Some of the Arctic Fox backpack themes that have caught the fancy of backpackers across the globe are color changing backpacks, anti-theft backpack and the one with a built-in mobile charging port. The color changing backpack that the brand had introduced has made many lives interesting. Made of heat-sensing technology fabric, it starts changing color whenever exposed to sun or any other heat source. The anti-theft backpack provides people with the peace of mind, as it comes with an in-built alarm system and access is allowed only to the owner. The built-in mobile charger, on the other hand, gives freedom to backpackers, as they can continue roaming without worrying about the draining of the cell phone battery.

Talking about the laptop bags on offer, the spokesperson added, "Our laptops go wherever we go – whether it is college, workplace or a holiday destination. To enable people to carry their laptops around conveniently and in a style, we offer a wide range of laptop bag's online. Built to last, our laptop bags are made using the best polyester, complete with PU coated lining. Perfect for carrying on a day-out or even for long-distance journeys, these laptop backpacks feature a large spacious compartment with a quick-access front pocket. Arctic Fox laptop bags come with a waterproof rain cover so that people can be on-the-go even during unfavorable weather conditions."
