

ArihantPLAY has been Awarded the Best Playground Manufacturer by Education World!

Mumbai, Jan 17, 2020 (Issuewire.com) - India Eduresources Star Rating 2020, India's largest play environment company received the prestigious award.

India's largest play environment company, [Arihant PLAY](http://ArihantPLAY) was announced as the **Best Playground Manufacturer in the education sector**. This award ceremony was hosted by Education World – India Eduresources Star Rating 2020, on January 9, 2020, at Bombay Exhibition Center, Goregaon.

Education World is India's first and most preferred education news magazine. Some of their Board of Advisors includes Dr. F.C. Kohli, Adi Godrej, N.R. Narayana Murthy, Dr. V. Krishnamurti, Dr. Ramdas Pai, and Prof. N.S. Ramaswamy.

Mr. Rajan Shah, the Founder and Managing Director, at Arihant PLAY explains, "We have been rated highly in the inaugural of Education World-India Eduresources Star Ratings 2020. Arihant PLAY has received the seven-star maximum under various parameters such as quality, durability, and customer satisfaction."

Education World-India Eduresources Star Ratings 2020 was conducted in association with Edutech India of the Nesco Exhibitions. The rating is given by a group of knowledgeable respondents that included promoters, school principals and teachers from India's top-ranked K-12 schools through an online survey.

This survey invited educators to give their rating over 60 education products and services across myriad categories. The rating is given on different parameters such as support, impact assessment, innovation

and value for money. This event was created to aid schools, pre-schools, and higher education institutes, make better and informed decisions about any education product or service investment. It also helps in improving teaching standards and learning outcomes form both adults and children.

The purpose of the inaugural EW India Eduresources Star Ratings 2020 is to aid preschool/school/higher education institutional managements to make informed education products/services investment decisions to improve teaching standards and students' learning outcomes.
