

AWE Learning Receives Platinum in the 2020 Modern Library Awards from LibraryWorks

Chester, Jan 9, 2020 ([Issuewire.com](https://www.issuewire.com)) - AWE Learning, the leading provider of digital learning solutions for early learners, is pleased to announce it has received multiple awards in LibraryWorks' sixth annual **Modern Library Awards (MLAs): Early Literacy Station™ Platinum – Platinum Award; Bilingual Spanish Literacy Station – Silver Award; AfterSchool Edge™ – Gold Award**. The MLAs were created to recognize the top products and services in the library industry in a truly unbiased format. Products and services were submitted in the fall using a simple application and then were posted on a private site with an enhanced description and attendant materials. These products were batched into small groups and sent to the LibraryWorks database of more than 80,000 librarians in public, K-12, academic, and special libraries. Only customers with experience with these products/services in their facilities were permitted to judge the products/services, resulting in a truly unbiased score.

Each judge scored the product on a numeric basis from 1-10 on a series of questions regarding functionality, value, customer service, etc.

Dr. Deborah B. Sorgi, AWE Learning President & CEO said, "We are excited to be recognized by the Modern Library Awards for the third consecutive year. Our new Platinum products provide libraries with the latest and greatest educational content, delivered in a digital and safe environment. We are dedicated to providing libraries with quality content that puts young learners on a path to success beginning at a young age. AWE Learning is proud to be celebrating 25 years of building early literacy skills."

The [Early Literacy Station™ Platinum](#), [AfterSchool Edge™ Platinum](#), and [Bilingual Spanish Literacy Station Platinum](#) were introduced to the market in December 2018. Its preeminent features are:

- More than 75 NEW STREAM-aligned educational titles, including coding, handwriting, cyber safety, and more.
- Pre-loaded content creating a safe, interactive, fun, and educational learning environment.
- Option to add-on bundles to offer more content on the same workstation.

Jenny Newman, publisher and MLA program manager said, “It’s hardly a surprise that AWE Learning scored so well. They’ve been at the forefront of the industry since their company entered the market in 1994”.
