

## Career Counselling Near Me - An interface recently launched by edumilestones for face to face career guidance

Since 2008 edumilestones claims to be helping more than 1 Lakhs students and professionals in India annually to make right career choices. They are claimed to be highest rated career counselling platform for career guidance.

### Find The Best Career Counsellor Near You

**1800+ Career Counsellors across 80+ Locations**

**Bengaluru, Jan 16, 2020 ([IssueWire.com](http://IssueWire.com))** - Edumilestones has created yet another mark for themselves in the field of career counselling.

Leaving no stones unturned and tapping all the technological advancements, they have launched a tool for students and professionals. As we all know, there is a striking high demand for career counselling, and now students and professionals can get access to premium quality [career counselling](#) service near their location.

*The tool includes information of 1800+ professionally trained career counsellors across 80+ locations. This is the only largest interface available in public domain that has made face to face career counselling possible across the region.*

**“With the launch of “[career counselling near me](#)”, Edumilestones has created a complete ecosystem for students and professionals. Now one can directly search and connect with career counsellors near them and make informed career decisions for themselves. *The more people use it, the more the benefits it creates for the educational community*”, says Ankit Agrawal - Founder and CTO at Edumilestones**

In India, where students prefer one on one career counselling, this **innovative step aims to encourage students to get proper [career guidance](#) near them.**

The solution is carefully designed to cater to the needs of the students and professionals in the metro, semi-urban and tier 3 cities as well.

“Ultimate objective is to provide best career counselling at the most affordable prices and reach out to those who need it the most on the ground” says Vipin Prasanth - Founder and CEO at Edumilestones.

In conclusion, there is an end-to-end complete career counselling solution now available to students and professionals near them, on their finger-tips. They can find the right career counsellors, directly book appointments, avail online consultation, get access to comprehensive career assessments and career reports.
