

CII Industrial Innovations Award 2019

CII award for India's most innovative companies.

Chennai, Jan 2, 2020 (Issuewire.com) - We are pleased to inform that our company Dr JRK's Research and Pharmaceuticals Pvt Ltd has been awarded the CII Industrial Innovations Award 2019 from the Confederation of Indian Industry (the CII) as one amongst the top 25 most innovative companies in India. This comes as a recognition for the company across industry segments and sizes including services sector/categories and in competition with some of the biggest and most resourceful companies in India.

Our Directors Rajagopal JK and Gayathri Rajagopal received the award on behalf of the company from distinguished chief guests attending the CII Industrial Innovations Award 2019 ceremony held at the Ashok Hotel, New Delhi, India on the 18th of December 2019.

Dr. JRK's Research and Pharmaceuticals has received this recognition after a very rigorous multi-stage professional process driven by the CII spanning several weeks. It included assessment of innovation in the products recently introduced with benefits to the customers, at-site verification by assessors, evaluation of responses to an extensive questionnaire and evidence of how innovation is driven in internal processes, the orientation of employees across levels to innovation, familiarity with company's vision. Later a presentation by the Directors summarizing the innovations was also made before a Grand Jury of eminent experts from the Industry and the Academics.

Dr. JRK's Research is a 27 years young ISO 9001:2015 certified research-based company that has a portfolio of over 40 innovative and clinically effective products and specialty cosmetics based on the AYUSH systems of medicines for the management of skin, hair, immune system, pain, fever etc. The

company's products have been well accepted by medical practitioners in India and many countries outside India. The company also has a pipeline of research work and new products to introduce.

About CII and Industrial Innovations Awards

CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process by directly and indirectly representing over 300,000 enterprises from around 276 national and regional sectoral industry bodies. CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages.

CII Industrial Innovation Awards were instituted in 2014 to identify and celebrate innovative Indian enterprises across industry segments and sectors. The Awards give an opportunity to companies to shine and be known nationally and internationally for their innovative products and services. In the last five consecutive years, these awards have established themselves as one of the most coveted innovation awards in the country.
