

## DxMinds Launched Three Stunning Products during Its 2020 Annual Event

The three new products that were launched are capable of causing complete abruption in their respective industries.

**Bengaluru, Jan 9, 2020 ([Issuewire.com](https://www.issuewire.com))** - [DxMinds Technologies Inc.](https://www.dxminds.com), a leading digital transformation (DX) and [mobile app development company](#) rooted across the globe, hosted its first annual event and product launch ceremony at hotel Davanam Sarovar Portico Suites, Bangalore on 29th December 2019.

The vivid and outstanding event on-boarded Mr. Bhabani Sankar Jena, CEO and Co-founder, along with Mr. Mike Paymon COO and Co-founder, Mr. Ed Paymon CIO, Mr. Vijay Doshi CFO, Mrs. Graciela Rojas, DxMinds Partner for Peru, Mr. Nabeel Gaith, Partner for the Middle East and many other managerial delegates and employees.

During its keynote, the company launched three of its stunning and unparalleled B2B products. DxBots, a revolutionary AI-enabled chatbot that can generate and nurture leads and enhance customer relationships, DxTravela, with which one can easily level shift or set up an online travel business in a couple of days and DxBasket, an impeccable online retail solution that enhances sales and revenue are three of those launched products.

“The aforementioned products are the perfect alternatives to all the conventional ways and it makes an

entrepreneur free from all stresses and hassles of running a business”-commented Mr. Sayeed Saqlain, Product Manager at DxMinds Innovation Labs. “Without customer satisfaction, no business can survive. All our b2b products are customer-centric and they are the perfect solution against their problems whilst being an entrepreneur.”- he added.

The pleasant evening witnessed an extravaganza of performances along with DJ Night, cocktail party and award distribution for employees for their outstanding contribution toward the growth of DxMinds.
