

# Great New Prices starting in 2020 at Coleswood Web Design

## Amazing Prices on Web Design, SEO and Website Maintenance

**London, Jan 3, 2020 ([IssueWire.com](http://IssueWire.com))** - Coleswood Web Design is now offering some amazing deals for 2020 on web design. We have now launched an amazing deal on one-page websites, 5-page websites and [cheap SEO services](#) for clients to take advantage of.

If you are looking to get your business online in 2020, and need a professional and reliable [web designer](#) check out some of our latest designs. We have a very extensive portfolio of different websites to choose from, which range from single-page designs to much bigger websites.

All of the prices that are quoted on our website include a year's free hosting (this renews @ £30 per year). You can choose from a London, UK datacenter and New York, USA. Our servers have a minimum of 99.99% uptime, and we offer FREE SSL's for all clients.

All of the sites that we make are fully responsive so that they will resolve perfectly on all the different devices including mobiles, tablets and of course desktop PCs.

Need the website maintained?

If you are not very good at computers, or like a lot of our clients, simply don't have the time, then we offer a very [cheap website maintenance service](#). This includes keeping all the software up to date, and can also include website updates and article writing should you need this.

Looking for complementary SEO service?

We also provide some of the very best prices on SEO (search engine optimisation) and have slightly reduced our prices in 2020. Local SEO prices now start from just £250 per month, whereas national SEO starts from £500.

If you would like to take advantage of some of these great deals or would like to get a FREE quote on your web business for 2020 please get in touch with our friendly team today through the website.
