

Heliproducts Industries Ltd welcomes new CEO to it's team

Vancouver, Jan 27, 2020 ([IssueWire.com](https://www.issuewire.com)) - Heliproducts Industries Ltd announces the addition of Paul Cockell to its team.

Paul Cockell brings 38 years of aeronautics experience and 22 years of hands-on management to his new Heliproducts CEO role, he has strong leadership skills and a proven track record. He previously held leadership positions at Vector Aerospace Helicopter Services North America (President), MTU Maintenance Canada (Director of Production) and Rolls Royce Canada (Production Manager). Paul was also a past Board member for Airbus Canada and Vector Aerospace Inc.

"His extensive industry experience will help us grow our current business model which focuses on Airbus light helicopters, Airbus components and Safran Arriel engines," says Mark Steen & Ken Wilby co-owners of Heliproducts.

Founded in 2001, Heliproducts Industries is a Vancouver based Transport Canada, FAA 135 MIP and EASA 145.7216 approved AMO 83-05 specializing in helicopter sales, MRO support, and leasing worldwide.
