

Julia M. Pillsbury, DO, FAAP, FACOP, a Pediatrician with Kids & Teens Pediatrics

Get to know Pediatrician Dr. Julia M. Pillsbury, who serves patients in Dover, Delaware.

New York City, Jan 2, 2020 ([Issuewire.com](https://www.issuewire.com)) - With a passion for her profession, Dr. Pillsbury is a board-certified pediatrician who is noted for her expertise in general pediatrics and adolescent medicine. In addition to her affiliation with Bayhealth Kent General Hospital, she practices at Kids & Teens Pediatrics in Dover, Delaware.

Kids & Teens Pediatrics loves caring for families and their children by providing the best in pediatric care from babies to adolescents. The team of professionals working there take their time to personally get to know every parent and child and to address individual health care needs. With comprehensive care and a thorough list of services, they take care of the entire child, providing all their treatment needs from birth to their young adult years.

In the early years of her career, Dr. Pillsbury served as a registered nurse in Philadelphia. She later graduated from the Philadelphia College of Osteopathic Medicine with her Doctor of Osteopathic Medicine degree. She completed her residency in pediatrics at Fitzsimons Army Medical Center in Denver, Colorado and served in the Air Force prior to coming to Dover. She was also the owner of The Center for Pediatric & Adolescent Medicine for a period of 27 years from 1991 until 2018.

A Fellow of the American Academy of Pediatrics and a Fellow of the American College of Osteopathic Pediatricians, the doctor is board-certified in pediatrics by the American Board of Pediatrics (ABP). Founded in 1933, the ABP is an independent, nonprofit organization whose certification is recognized throughout the world as a credential signifying a high level of physician competence.

Additionally, she is board-certified in pediatrics by the American Osteopathic Board of Pediatrics, which is an organization that provides board certification to qualified DOs who specialize in the diagnosis and treatment of medical diseases in infants, children, and adolescents.

Pediatrics is the branch of medicine that involves the medical care of infants, children, and adolescents. As a pediatrician, Dr. Pillsbury examines diagnoses and treats children of all ages with a wide variety of injuries and illnesses. She understands that children change rapidly and they must be approached with an appreciation for their stage of physical and mental development.
