

Steven Andriola, MD, an Orthopaedic Surgeon with Orthopaedics Northeast, P.C.

Get to know Orthopaedic Surgeon Dr. Steven Andriola, who serves patients in Massachusetts and New Hampshire.

New York City, Jan 27, 2020 (Issuewire.com) - When patients want an orthopaedic surgeon to deliver top-quality orthopaedic surgical care, they come to see Dr. Andriola. He specializes in sports medicine, joint replacement surgery, and traumatic injuries at Orthopaedics Northeast, P.C. in Andover, Massachusetts and Salem, New Hampshire.

Orthopaedics Northeast, P.C. is a dedicated team of multi-specialty physicians, working diligently to help patients feel better. They provide medical and surgical care for both adults and children with muscle and bone injuries, disabilities, and diseases. Their specialized training enables them to offer outstanding care in joint replacement, sports medicine, hand surgery, and trauma, as well as podiatry and foot care needs.

Additionally, Dr. Andriola practices with Stryker Division of Orthopedics, where he specializes in Mako Robotic-Assisted Surgery.

Since 1997, the doctor has been affiliated with several hospitals in the area, including Lawrence General Hospital in Lawrence, Massachusetts & Holy Family Hospital in Methuen, Massachusetts.

After earning his Bachelor of Arts degree in Biology and her Master of Arts degree in Physiology from Rutgers University in 1987 and 1989, respectively, Dr. Andriola went on to obtain his medical degree from New Jersey Medical School in 1993. This was followed by an internship at Tufts New England Medical Center in 1994 and a residency in orthopaedic surgery at Tufts Affiliated Hospitals in 1998.

Recognized for his professional achievements, he is board-certified in orthopaedic surgery by the American Board of Orthopaedic Surgery, which is an organization with the goal of establishing educational and professional standards for orthopaedic residents and surgeons, as well as evaluating the qualifications and competence of orthopaedic surgeons.

Additionally, Dr. Andriola belongs to a number of professional organizations, including the American Academy of Orthopaedic Surgeons, the Massachusetts Orthopaedic Association, and the Massachusetts Medical Society.

Orthopaedic surgery is the branch of surgery concerned with conditions involving the musculoskeletal system. Orthopaedic surgeons use both surgical and nonsurgical means to treat musculoskeletal trauma, spine diseases, sports injuries, degenerative diseases, infections, tumors, and congenital disorders. They work in clinical and hospital settings.
