Tanishq started his journey by opening a record label and started providing services of music distribution. At the age of 16, he started innovating new ideas to music and youtube promotion.

In the year 2019, he founded grace digital with his school senior who is into the business of event management, Tanishq and his senior Karan worked hard and achieved their goals. now currently they are running a complete social media marketing and digital marketing agency with a record label and an e-commerce store.

Tanishq also worked with Diljits Dosanjh Track "Jind Mahi" as a music distributor.

through his dedication and passion, he showed us that age is just a number.
