

The process of building Qazvin hotels

Qazvin, Jan 15, 2020 (Issuewire.com) - Therefore, the first phase of the construction of the [Iranian Hotel of Qazvin](#) in 2013 with 12 rooms was used. With the project development plan in 2016, the number of rooms increased to 33. In the final phase of the project, with changes in the location and structure of the lobby and admission unit in 2018, the number of [rooms](#) and [suites](#) has reached 36. Iranians hope to be able to meet the needs of **Qazvin hotels**.

The [Iranians Hotel of Qazvin](#) has more than 1000 square meters of open and green space, which provides excellent conditions for young children. Family-friendly bikes can be found on the alleyways around the [hotel](#).
