Get to know Dentist Dr. Vi Linh Hoang, who serves patients in Houston, Texas.

New York City, Jan 13, 2020 ([Issuewire.com](https://www.issuewire.com)) - Specializing in family dentistry, Dr. Hoang believes in providing quality dental care through building lifelong relationships with her patients. She is the Owner of V Family Dentistry in Houston, Texas.

The dental practice's mission is to provide patients with personalized, high-quality care so that they can smile with confidence. Dr. Hoang and her team remain dedicated to improving and maintaining each

patient's oral health by offering a broad array of services ranging from cosmetic surgery to preventative care. They have the professional experience to realize that there is no such thing as one-size-fits-all treatment, so they never use a one-size-fits-all approach to a patient's dental plan.

When she was just 7 years old, Dr. Hoang came to America. Growing up in Houston, she received her undergraduate degree from Baylor University and went on to earn her Doctor of Dentistry degree from the University of Texas Health Science Center at San Antonio. After dental school, she moved back home to Houston with a desire to give back to her beloved hometown.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.

In her spare time, Dr. Hoang enjoys spending time with her family and exploring the diverse food that Houston has to offer.
