Accelerated Technologies Holding Corporation. (OTCMKTS: ATHC) February 24, 2020 Company update.

Accelerated Technologies Holding Corp. (Stock symbol: ATHC) and its portfolio of companies begins generating revenues while redefining SMB workflows and capitalizing on performance driven technologies.

New York City, Feb 25, 2020 (Issuewire.com**)** - Accelerated Technologies Holding Corp. (OTC Markets: ATHC) via ROMPOS will provide a true all-in-one solution for merchants operating in retail, online and mobile environments. The robust solutions automate services, digital media, websites, inventories, update working capital eligibilities and helps eliminate business inefficiencies. Proprietary algorithms and analytics enable artificial intelligence to automate promotional offerings while maximizing efficiencies and digitizing workflows. Increasing brand awareness, customer loyalty, client revenues and ultimately the bottom line.

"We are pleased to complete the testing of ROMPOS. We will begin to roll out ROMPOS commencing on March 2nd, 2020. We strive to grow revenues in line with our strategies and intend on providing SMB's with a holistic suite of all-in-one solutions to compete with larger conglomerates. Before we begin to scale sales in all major metropolitan areas, the Company intends to do a small funding round. In addition, Kevin H Kading former ATHC President and Chairman has been removed from all ATHC capacities by controlling shareholders. We intend to focus on servicing SMB's while putting all other subsidiaries and developments on hold". Stated Alex M. Lemberg, President ATHC.

The Company intends to fulfill regulatory requirements to uplift from OTCMarkets "STOP SIGN" to OTCMarkets "CURRENT INFORMATION". Key management updates will be provided on the Company website.

Statements made in this communication include certain forward-looking statements, management's objectives, strategies, beliefs, and intentions. The Companies do not intend, and do not assume any obligation, to update forward-looking statements which are frequently identified by such words as "may", "plan", "expect", "anticipate", "estimate", "intend" and similar words referring to future events and results. Forward-looking statements represent management's best reasonable judgment based on current facts and assumptions. The Company makes no representation that reasonable business people in possession of the same information would reach the same conclusions. All forward-looking information is inherently uncertain and subject to a variety of assumptions, risks, and uncertainties, including the speculative nature of competitive risks and the availability of financing. Actual events or results may differ materially from those projected in the forward looking-statements and readers are cautioned against placing undue reliance thereon. Any and all statements contained in this press release that are not statements of historical fact may be deemed forward-looking statements. Words such as "continue," "will," "may," "could," "should," "expect," "expected," "plans," "intend," "anticipate," "believe," "estimate," "predict," "potential," and similar expressions are intended to identify such forward-looking statements. All forward-looking statements involve significant risks and uncertainties that could cause actual results to differ materially from those expressed or implied in the forward-looking statements, many of which are generally outside the control of ATHC and are difficult to predict. An example of such risk and uncertainty is whether the Company will be successful in developing additional innovative solutions in the future and/ or the market acceptance of such solutions.
